

Uniform Regulations

The WTU prides itself on portraying a certain image. In order to do this, certain uniform restrictions apply. Below is a diagram of the basic student uniform with the appropriate patches.

The student uniform is a White V-neck sport style. The back is screen-printed or embroidered with the school or club name.

The WTU and school patches must be sewn on in the correct positions in order to test for Blue Belt or higher ranks

The WTU patch is sewn on the student's right crest and the White Tiger patch sewn on the left crest.

All WTU uniforms (with the exception of special demo uniforms) are white. No other colors are allowed in class

Front

The Black Belt uniform is the same as the student uniform with the exception that it has a black collar. It is worn by adult Black Belts and Black Belt candidates.

Front

The Junior Black Belt uniform or poom uniform is worn by Junior Black Belts and Black Belt Candidates.

Formal Instructor uniforms are a traditional tie-over type with a black collar.

Master Instructor uniforms are a traditional tie-over type with a black collar and a single red strip to signify Master status. Worn by 5th Dan Black Belts and above.

All WTU uniforms have patches. The school patch (should differ from school to school) is shown at the lower right and is sewn on the student's left crest. The WTU patch, shown below at right center, is sewn on the right crest. The Leadership Team patch is worn by junior Black Belts who assist with class (fig. 1). The Training Instructor patch is worn by those in the instructor-training program (fig. 2). The Instructor patch is for those with full instructor status. The school's head instructor wears the Head Instructor patch (fig. 4). Those of 4th Dan or higher wear the Master Instructor patch. All instructor patches are worn on the shoulder of the left arm. The USA patch (Fig. 6) is optional and worn on the left arm. If the flag is worn with an instructorship patch, it is sewn with the flag above the Instructor patch.
